## Front-end Developer

---

Extremely motivated to constantly develop my skills and grow professionally. I am confident in my ability to come up with interesting ideas for outstanding project results and effectivity even with intense pressure and complex problems.

## SKILLS

---

- Advanced knowledge of HTML5, CSS, Javascript, JQuery, PHP7, and MySQL.
- Advanced knowledge of PHP MVC Frameworks, Git, and OOP structure.
- Experienced in developing enterprise-level systems on CodeIgniter, Ajax, ORM, Node.js, Node ExpressJS, and Sockets.
- Experienced in developing web apps in React JS, knowledgeable in both class-based and functional components.
- Experienced with UI/UX and illustrator tools such as Figma, Adobe Photoshop and Illustrator.
- Experienced in integrating WordPress in React JS
- Basic knowledge of Docker & Containerization, and TDD.
- Currently learning Angular JS & Typescript.

## PROJECTS

---

**Facetube** | React | Material UI | Javascript | Hooks | Routing  
*Youtube Clone*

[Live](#) | [GitHub](#)

- Incorporated a search function using React hooks that queried the database on each keystroke and displayed pins based on the search input to create an effortless and intuitive search functionality
- Leveraged polymorphic associations using routing and jQuery to maintain DRY code and allow for scalability
- Executed the design using Material UI increasing overall software development velocity, and creating user interfaces at speed.

## WORK EXPERIENCE

---

**Upwork (freelancer)**  
**Team Leader & App Tester**

**Apr. 2021 - June 2022**

- Trained & lead new VAs in administrative tasks.
- Collaborated with other programmers to improve the client's website.
- Designed marketing assets across all channels such as website, email, and social media for my client.

**TaskUs (Teammate)**

**Oct. 2018 - Jan. 2022**

- Provided excellent service and support to our customers through email.
- Consistently being a top performer in our site
- Develop customer relationships by providing the best in world service.
- Optimized content quality for a social content platform including photos and short videos.
